

**We  
Apply  
More  
Materials  
In More  
Ways  
Than  
Anyone**

**With our top of the line Rock Slinger trucks,  
Pneumatic Conveying trucks & Hydraulic  
Seeding vehicles, we apply more materials  
in more ways than anyone.**

**The West's Leader in**

- Aggregate and Topsoil Applications
- Wood Mulch, Compost & Straw Mulch
- Soil Stabilization
- SWPPP Management
- Erosion, Sediment & Dust Control
- Seeding and Revegetation

**Slinger Applications** Remote material placement utilizing our Slinger equipment: if you can get us within 125 feet, we can throw the aggregate into place with great accuracy.

- ABC placement
- Utility Shading
- Rock Trackouts
- Landscape Rock
  - Sand Delivery

**Pneumatic Applications** If you can get a hose to where you want the material, we can pneumatically apply any granular material from several hundred feet away.

- Pipe and Utility Boring Backfilling
- Topsoil Placement on Rooftops and Landscaped Areas
- Playground Chip Installations
- Landscape Mulching
- Landscape Rock
- Pea Gravel

**Seeding & Hydraulic Applications**

- Hydroseeding
- Soil Stabilization
  - Slope Stabilization
- Drill Seeding
